Dear Fire Chief Thompson:

During its meeting of 21 September 2004, the Commission reviewed proposals for additions to, and modernization of, the fire stations housing Engine Company Number 12, located at 2225 5th Street, NE, and Engine Company Number 15, located at 2101 14th Street, SE. The proposed designs for both projects retained the original character of the existing structures and will undoubtedly improve these facilities. Both submissions were unanimously approved.

We look forward to continued collaboration with the DC Department of Fire and Emergency Medical Services in the review of future projects throughout the city.

Sincerely,
